**A new lineup of Connoisseur Series
Meyer Bros. mouthpieces ...**

BAND BROS.

**Soprano, Tenor, Baritone & Alto
Mouthpieces for Saxophone**

Created to match the sound and personality profile of the popular Meyer Bros. alto sax model these new mouthpieces are designed with incredible control and feature flexible, warm, dark, and powerful sound. The perfect collection to keep an entire sax section sound in company, or for those who play multiple instruments this brings it home.

MEYER
BROS

**Seeing and hearing
is believing.**

BAND BROS.

jj Babbitt's artist partner, professional sax player **Mike Smith**, was instrumental in the development and redeployment of this new line of **Connoisseur Series** Meyer Bros. mouthpieces. The Band of Bros. mouthpieces for soprano, tenor, baritone, and alto sax are made from vulcanized rubber and individually hand finished. This manufacturing process is unique to jj Babbitt and makes

Meyer Bros. mouthpieces the most sought-after by professionals world-wide.

Mike Smith, the lead alto sax player for Frank Sinatra and Frank Sinatra Jr.
